- Q. FIXED-TERM PARLIAMENTS...** Do you agree with fixed-term parliaments or do you oppose them?     I am undecided
- Q. FREE VOTES...** Do you think that there should be fewer, more or roughly the same number of free votes (votes not subject to party whip) in Parliament?     I would like considerably more free votes
- Q. VOTING SYSTEM...** Do you think that the present voting system for Westminster elections should be maintained or should the voting system be reformed?     I support reform of the voting system (alternative vote)
- Q. OPEN PRIMARIES...** Do you agree with open primaries for candidate selection or do you oppose them?     I am undecided
- Q. VOTING AGE...** Do you think that the voting age should remain at 18 or should it be lowered to 16?     I believe the voting age should remain at 18
- Q. RECALLING MPS...** Are you open to the idea of having a mechanism whereby constituents can vote on the recall of their MP in instances of "serious wrongdoing" or do you oppose having such a mechanism to recall MPs?     I am open to the idea of having a mechanism to recall MPs
- Q. HOUSE OF LORDS...** What is your view on the composition of the House of Lords/second chamber?     I support a House of Lords/second chamber with the majority of members being elected, but with some additional expert appointees
- Q. OTHER REFORMS...** Please list other reforms/changes/measures that you believe would improve democracy/politics.     Introduce Swiss-style local and national citizen-initiated binding referenda. Remote, unaccountable EU-inspired regional government should be abolished.
